ANT LIFTS & WEAPONS PLATFORM

ANT Lifts provides modular, vehicle-mounted lifting systems for law enforcement and military use. Engineered with lightweight, corrosion-resistant aluminum, these systems fit flush under truck or van bed rails without compromising cargo space. Featuring rugged, oilfield-derived hydraulics, the units are highly adaptable and easily transferable between vehicles.

Beyond heavy lifting, the platform supports mission-critical payloads, including remote weapons stations, tactical surveillance, and counter-UAS technology. Designed for rapid deployment and broad compatibility, ANT Lifts offers a durable, dual-purpose solution for field operations. Designed for broad compatibility and dependable performance, ANT Lifts supports a wide range of civilian and commercial uses, including mobility assistance, worksite material handling, equipment loading, and large-game retrieval. The result is a durable, adaptable platform built to make heavy lifting easier, safer, and more efficient.

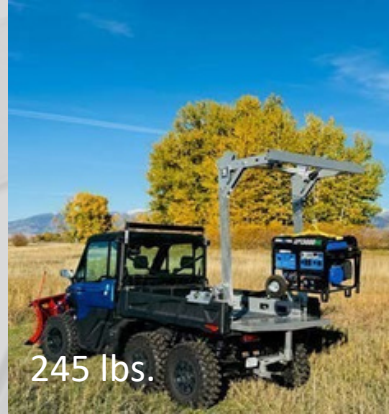

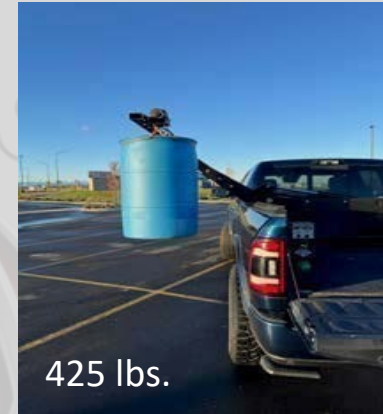

MODULAR LIFT SYSTEM

550 lbs.

245 lbs.

425 lbs.

ANT LIFTS COST SAVINGS:

- Convert existing vehicles into powerful, safe lifting systems that move heavy supplies without injury.
- Increases labor efficiency, enabling two operators to complete workloads that usually take crew of ten.

MILITARY APPLICATIONS:

- Field Maintenance / Mission Ready– Remove/install engines, transmissions, and tires.
- Logistics & JDC Ops – Replace forklifts by using existing vehicles to lift and move supplies.
- Flight Line & Remote Pads – Rapid gear handling where forklifts aren't practical.
- Deployment Ready – Proven in rugged terrain and extreme conditions for base or downrange support.
- Remote weapons systems platform

ANT LIFTS & WEAPONS PLATFORM

BACK INJURIES IN ARMED FORCES

- Department of War spends over \$3.7 billion annually on non-combat musculoskeletal injuries (including spinal/ back injuries).
- One ANT Lift preventing one back injury pays for itself, preserving manpower, reduced medical costs, and sustained mission capability.
- ANT Lifts will prevent many back injuries and protect soldiers from chronic and debilitating conditions.

ANT LIFTS KEY FEATURES

- Made in America with Lifting Capacities up to 3,000 lbs.
- ANT Lifts fits in Humvees, UTV's, Pickups, trailers and other vehicles.
- Over 10 year track record of service helping disabled Veterans be mobile and completing task, retrieving Mammals for the Florida FWCC and in the Oil industry lifting drill bits and other equipment for Schlumberger/ Halliburton, Hunting - big game retrieval. Never had a return!
- Will last through multiple vehicles for decades.
- Modular design easy installation in any size vehicle.
- Remote lift for weapons onto vehicle
